CAVITY CREATION INSTRUMENT

For the creation of a void in the cancellous bone in the spine

The Cavity Creation Instrument seamlessly integrates with the DePuy Synthes Spine Vertebal Body Augmentation Portfolio to provide reliable cavity creation independently or prior to balloon inflation, offering the flexibility to choose the most appropriate solution for your patients.

Low Profile 10G Access
• Allows for access through smaller pedicles

Depth Graduation
• Indicates advancement into the vertebral body

Nitinol Wire
• Provides durability and stiffness for reliable cavity creation

Available in 2 Sizes
• Accommodates varying patient anatomy
